

## Request to reactivate a user of an HPC project

\* Mandatory fields

---

This request needs to be sent by the legal or technical HPC project owner to [computerome@dtu.dk](mailto:computerome@dtu.dk) in order to be approved. If reactivation concerns several projects with different project owners, each owner needs to send in the request for the respective project(s). Please note that it is not possible to reactivate a user retrospectively.

HPC user name \*

Requested reactivation date \*

Name of user \*

I wish to reactivate the user in all the projects which I own

---

Project name \*

Name of legal or technical project owner \*

Please note that it takes up to 5 business days to process this enquiry
